RANKING

Ural State Medical University takes pride in its consistent recognition and standing in various prestigious rankings, affirming its commitment to excellence in medical education and research.

USMU has been listed in the Times Higher Education Impact Ranking 2022, showcasing its contribution towards addressing global challenges. While the specific position is not disclosed, the university's impactful initiatives place it among the esteemed institutions worldwide.

In the Moscow International Ranking "The Three University Missions" for the year 2022, Ural State Medical University secures a commendable position within the range of 1401-1500, reflecting its dedication to fulfilling the key missions of higher education: education, research, and outreach.

USMU shines prominently in the Top Russian Universities Ranking RAEX-100, attaining the 79th position in the year 2022. This recognition underscores the university's stature as one of the leading institutions in Russia, distinguished for its academic prowess and research contributions.

As per the Webometrics Ranking Web of Universities for July 2022, Ural State Medical University achieves notable standings:

- World Ranking: 5149
- Country Ranking: 144 This ranking reflects the university's global presence and its significant impact within the national academic landscape.

These rankings serve as a testament to the continuous pursuit of excellence and innovation at Ural State Medical University, reaffirming its position as a distinguished institution in medical education and research both nationally and internationally.

YEKATERINBURG

Yekaterinburg, also known as Ekaterinburg, is a city in Russia and the administrative center of Sverdlovsk Oblast. It is the fourth-largest city in Russia and is considered one of the country's main cultural and industrial centers. The city has a population of around 1.5 million residents and is known for its constructivist architecture and street art.

- Yekaterinburg is the fourth-largest city in Russia and one of its main cultural and industrial centers.
- The city is famous for its constructivist architecture and is considered the "Russian capital of street art".
- Yekaterinburg is experiencing an economic and population boom, with some of the tallest skyscrapers in Russia located in the city.
- The city is located on the Iset River between the Volga-Ural region and Siberia.
- Yekaterinburg is home to the headquarters of the Central Military District of the Russian Armed Forces and the presidium of the Ural Branch of the Russian Academy of Sciences.
- The city has a rich history, being founded in 1723 and serving as a mining capital and a strategic connection between Europe and Asia.

Yekaterinburg's climate varies. Winters are cold, with snow (Nov-Mar). Summers are mild (Jun-Aug). Moderate rainfall throughout the year. Diverse weather suits outdoor activities.

Transportation in Russia is widely available, punctual, and user-friendly. Big Cities such as Moscow and Saint Petersburg are home to scores of widely used bus routes, metro lines, and tramways.

PLACE TO VISIT

CHURCH OF THE BLOOD

This church stands on the site where Tsar Nicholas II and his family were executed in 1918. It serves as a poignant memorial, featuring stunning onion domes and intricate frescoes that commemorate the tragic events of Russia's history.

YEKATERINBURG ARBORETUM

The Yekaterinburg Arboretum is a beautiful botanical garden offering a peaceful escape from the city. Visitors can explore a diverse collection of plant species, including native flora and exotic imports, while strolling along scenic pathways and enjoying the tranquility of nature.

SEVASTYANOV HOUSE

The Sevastyanov House is an architectural gem located in the heart of Yekaterinburg. This historic mansion, built in the 19th century, showcases exquisite neo-gothic design and ornate detailing. Visitors can admire its intricate facades, grand interiors, and beautiful gardens, providing a glimpse into the city's rich cultural heritage.

AND MUCH MORE PLACES...

Yekaterinburg presents Indian medical students with a rich tapestry of experiences. From exploring historic landmarks like the Church of the Blood to immersing themselves in the city's vibrant culture, students can enjoy a fulfilling journey of learning and discovery during their medical studies in this captivating Russian city.
